2023

# Making the Sofahouse Choice

We are proud to present you with our 2023 catalogue. Sofahouse's warehousing comprises of 150,000 square foot of space that carries a minimum of 5,000 suites ensuring that all our models are available for immediate delivery. In an ever competitive market, where customer service is crucially important, we believe our ability to deliver within days gives our customers a competitive edge and sets us apart from the rest. We have the complete range in leather and fabric, fixed and reclining and corner models. Product development remains a key driver in offering choice to the consumer and our modular range is proving to be enduringly popular.

The last couple of years have presented some huge external challenges to the industry; the pandemic, war in Ukraine and the inflation/cost of living crisis. Through that time Sofahouse has endeavoured to keep price increases to a minimum and now, through precise forward planning and careful fiscal management, we are delighted to be in a position to offer lower prices, which we believe to be the most competitive prices in the market.
